FROM: Karen Rose, Registrar

RE: New email addresses for Supreme Court communications

The Supreme Court has established three (3) generic email addresses for communicating about trial coordinating, civil case management or criminal case management matters. These email addresses are to be used instead of directly emailing the person in the position of trial coordinator, case management coordinator or criminal case management coordinator. Use of these email addresses will allow court communications to continue seamlessly when a particular staff person is unavailable.

For communications relating to trial coordinator matters, please send your email to the following address:

trialcoordsupcourt@courts.pe.ca

For communications relating to civil case management matters, please send your email to the following address:

casemgmtsupcourt@courts.pe.ca

For communications relating to criminal case management matters, please send your email to the following address:

crimmgmtsupcourt@courts.pe.ca

We ask that email communications be sent to the appropriate addresses listed above, **beginning October 1, 2025**.
